Wednesday - 10 August 1949

1. Talked today with Mr. George Harvey, Chief Clerk of the House Appropriations Committee, regarding letter to the Director dated 5 August 1949 from the Chief Investigative Staff, House Committee on Appropriations requesting information regarding Agency typewriters. Mr. Harvey agreed that CIA should not make any report in connection with this request for security reasons. However, he wishes us to talk with the Chief of the Investigative Staff upon his return, and will have him contact us. In the meantime, no action is to be taken by us.

2. Conferred with Mr. George Harvey regarding CIA budget. He felt that CIA budget should be so allocated that it would be necessary for only one House Appropriations Subcommittee to consider CIA requests for funds.
